

Gerontology course list for SPRING 2014

To students and faculty advisers interested in Gerontology –

The Schedule of Classes for Spring 2014 can be searched for courses that are cross-listed to Gerontology. Gerontology teaches no courses of its own under our abbreviation, GERN, but the Schedule does list courses related to aging.

Search the Schedule at <https://classes.ku.edu/Classes/ExternalDisplay.action>

Set the search to be “Undergrad and Graduate” and for “SPRING 2014.” Click the “More Options” button in the upper right hand corner. In the box that appears, go to the line “Any cross-reference” and scroll down to the line, “Cross-referenced with GERN.” Then click the “Search” button above the box. The list of courses will appear. I have pasted the list in below, but it may not be visible on your viewer.

Please note, however, that the items below are the Registrar’s cross-listing, which we reviewed the best we could. Take care that the content of the course is what you want because some departments put changing content under generic course numbers that sometimes have age-related content. Consider this list the starting point of your course selection process.

We would also appreciate hearing about any courses that are not listed here, but should be.

Thank you.

David Ekerdt

ABSC 861				
Applied Behavioral Science - Applied Behavior Analysis (3) Spring 2014				
This advanced course extends knowledge and skill in analyzing behavioral problems, designing interventions, and planning applied research projects. Topics include the selection of problems and target populations, analysis of problems and goals, designing measurement systems, developing interventions, and disseminating products from applied behavioral research. Students use examples from their own applied research. An ABA- accredited and BACB® pre-approved course. (Formerly HDFL 871.)

PHIL 676

Philosophy - Medical Ethics:Life&Death Issu (3 / H) Spring 2014

After a brief survey of techniques of moral argument and analysis especially as they pertain to the moral impermissibility of murder, particular moral and conceptual issues relating to death and dying in medical contexts will be addressed. Topics such as abortion, infanticide, suicide, euthanasia, the definition of death, and the right to refuse life-saving medical therapy will be included. Prerequisite: Two courses in biology or consent of instructor.

Satisfies: H Humanities (H)

Type	Time/Place and Instructor	Credit Hours	Class #	Seats Available
LEC	Marquis, Don	3	62537 (Save)	40
Notes	MWF 11:00 -11:50 AM WES 1007 - LAWRENCE			

PRE 905

Psychology & Research in Educ - Multivariate Analysis (3) Spring 2014

Multivariate analysis of variance, discriminant analysis, logistic regression, and exploratory factor analysis. Prerequisite: PRE 810, PRE 811 and experience with a statistical software package.

Type	Time/Place and Instructor	Credit Hours	Class #	Seats Available
LEC	Skorupski,William P	3	54421 (Save)	25
Notes	T 04:30 -07:00 PM JRP 201 - LAWRENCE			

PSYC 646

Psychology (PSYC) - Mental Health and Aging (3 / S) Spring 2014

Reviews recent research and application in the field of mental health and aging. Theoretical perspectives appropriate for understanding mental health issues with increased age are discussed. The epidemiology, assessment, diagnosis, and treatment methods associated with a variety of mental health conditions are surveyed. The community mental health resources available for older adults are discussed as well as practically-related issues such as evaluations of functional independence and competency among older adults. Prerequisite: PSYC 104 or consent of instructor.

Satisfies: S Social Science (S)

Type	Time/Place and Instructor	Credit Hours	Class #	Seats Available
LEC	Johnson,David Kevin	3	66857 (Save)	20
Notes	TR 11:00 -12:15 PM HAW 2025 - LAWRENCE			

PSYC 790

Psychology (PSYC) - Statistcl Mthds in Psycholgy I (4) Spring 2014

Elementary distribution theory; t-test; simple regression and correlation; multiple regression and multiple correlation; curvilinear regression; logistic regression; general linear model. Applications across the behavioral and social sciences are emphasized. Course consists of three hours of lecture and a required one-hour lab session where computing applications are taught. Prerequisite: A beginning course in statistics and graduate standing, or consent of instructor.

Type	Time/Place and Instructor	Credit Hours	Class #	Seats Available
LEC	Johnson,Paul E.	4	59598 (Save)	25
Notes	T 01:00 -03:50 PM BL 114 - LAWRENCE			

PSYC 791

Psychology (PSYC) - Statistcl Methds Psychology II (4) Spring 2014

Continuation of PSYC 790. One-way analysis of variance, linear trends, contrasts, post hoc tests; multi-way analysis of variance for crossed, blocked, nested, and incomplete designs; analysis of covariance; repeated measures analysis of variance; general linear model. Applications across the

social, educational, and behavior sciences are emphasized. Course consists of three hours of lecture and a required one-hour lab session where computing applications are taught. Prerequisite: PSYC 790 or equivalent, or consent of instructor.

Type	Time/Place and Instructor	Credit Hours	Class #	Seats Available
LEC	Deboeck,Pascal R	4	62761 (Save)	27
Notes	T 01:00 -03:50 PM FR 547 - LAWRENCE			
LBN	Deboeck,Pascal R	4	62764 (Save)	27
Notes	APPT KULC APPT - LAWRENCE			

PSYC 844

Psychology (PSYC) - Mental Health and Aging (3) Spring 2014

Reviews recent research and application in the field of mental health and aging. Theoretical perspectives appropriate for understanding mental health issues with increased age are discussed. The epidemiology, assessment, diagnosis, and treatment methods associated with a variety of mental health conditions are surveyed. The community mental health resources available for older adults are discussed as well as practically-related issues such as evaluations of functional independence and competency among older adults. Prerequisite: Graduate student in psychology or related health field, or permission of instructor.

Type	Time/Place and Instructor	Credit Hours	Class #	Seats Available
LEC	Johnson,David Kevin	3	66867 (Save)	20
Notes	TR 11:00 -12:15 PM HAW 2025 - LAWRENCE			

PSYC 923

Psychology (PSYC) - Histr&Systms Dev Psyc:Dev Thry (3) Spring 2014

An intensive study of traditional and recent developmental theories with an emphasis upon the role of heredity, early stimulation, reinforcement, and modification as each affects the course of the development of children.

Type	Time/Place and Instructor	Credit Hours	Class #	Seats Available
LEC	Greenhoot,Andrea Follmer	3	66881 (Save)	10
Notes	T 09:30 -12:15 PM FR 537 - LAWRENCE			

SOC 410

Sociology - Sociology of Death and Dying (3 / S) Spring 2014

This course covers theoretical, practical, cross-cultural and historical aspects of death and dying. Social, psychological, biomedical, economic and legal issues surrounding death and dying are explored. Students examine their own ideas, feelings, and attitudes towards death and dying, and reflect on the origins and significance of those beliefs. Prerequisite: Junior or Senior Standing. Satisfies: S Social Science (S)

Type	Time/Place and Instructor	Credit Hours	Class #	Seats Available
LEC	Lapierre, Tracey A	3	66718 (Save)	30
Notes	R 04:00 -07:00 PM REGN 254 - EDWARDS			

SOC 780

Sociology - Advanced Topics in Sociology: (3) Spring 2014

Topics will vary from semester to semester and instructor to instructor to allow flexibility for in-depth analysis of particular topics.

Type	Time/Place and Instructor	Credit Hours	Class #	Seats Available
LEC	Topic: Age and the Body Ekerdt, David J	3	62032 (Save)	15
Notes	T 12:10 -02:50 PM FR 730 - LAWRENCE			

SOC 812

Sociology - Analytic Methods in Sociology (3) Spring 2014

Consideration of quantitative methods of analysis including both parametric and non-parametric techniques. Prerequisite: A course in statistics.

Type	Time/Place and Instructor	Credit Hours	Class #	Seats Available
LEC	Kim, Changhwan	3	62830 (Save)	15
Notes	T 09:00 -12:00 PM FR 730 - LAWRENCE			

SPLH 822

Speech-Language-Hearing - Dysarthria/Apraxia (2) Spring 2014

This course describes the neuroanatomic bases of motor-speech processes, the diagnosis, classification, assessment, prognosis, and treatment of dysarthria(s) and apraxia(s).

Type	Time/Place and Instructor	Credit Hours	Class #	Seats Available
LEC	Jackson, Susan	2	55047 (Save)	30
Notes	MW 01:15 -02:55 PM MILR 3001 - KU MED CTR JAN-22/MAR-12			

SPLH 832

Speech-Language-Hearing - Dysphagia (2) Spring 2014

This course covers normal and disordered swallowing. Evaluation and treatment of swallowing disorders, the dysphagia team, and dysphagia in special populations are considered.

Type	Time/Place and Instructor	Credit Hours	Class #	Seats Available

LEC	Searl, Jeffrey Paul	2	55049 (Save)	30
Notes	MW 01:15 -02:55 PM MILR 3001 - KU MED CTR MAR-24/MAY-07
